

Philosophy for Children (P4C)

SAPERRE Advanced Course Level 2A Accredited Qualification

Who is it for?

The course is designed for teachers who want to advance their own facilitation skills and to support colleagues with less experience in P4C. Participants must have an Initial Practitioner certificate. Completion of the course and coursework will qualify you for a *P4C Facilitator certificate*.

How do I know when I'm ready for Level 2?

- When you have been using P4C regularly in the classroom for six months or more
- When your students are starting to ask higher order questions and to self-facilitate
- When you want to start supporting colleagues who are less confident in P4C

Course content:

- Examines the **nature, purpose and methods** of philosophical enquiry
- Shows how to **choose and create materials** to stimulate deeper philosophical thinking and dialogue
- Extends **practices and tools** for better philosophical thinking and facilitation
- Strengthens understanding of the **theory** and practice of critical, creative, caring and collaborative thinking
- Establishes criteria for **planning and evaluating** progress over a cycle of P4C enquiry, exercise and review

You will advance your skills for higher quality enquiries and to support less-experienced colleagues:

- Facilitate P4C enquiries with more flexibility and reflection
- Enhance learning through critical, creative, caring and collaborative thinking
- Drive progress in philosophical enquiry at your school
